

22.04.2020 | TICON USERS' MEETING CHINA ON APRIL 28, 2020 AS ONLINE EVENT

This year MTM China offers again a TiCon user meeting - due to the Corona pandemic this time as online event: on April 28, 2020 from 14:00 to 15:30 (UTC+08:00)

Sharpen Your Tools First!

One year ago the first TiCon Users' Meeting at MTM China was held in Shanghai. Alongside TiCon users like Brose Taicang Automotive Systems Co., Ltd., Henkel (China) Investment Co., Ltd., METTLER TOLEDO (Changzhou) Measurement Technology Co., Ltd., Vaillant (Wuxi) Heating Equipment Co., Ltd., many corporations interested in TiCon also seized the opportunity to learn more about the MTM software solutions that are available in the market place.

This year MTM China offers again a TiCon user meeting - due to the Corona pandemic this time as online event. Invited are specialists and executives from companies with production sites in China. The focus is on the application of TiCon, the standard software for industrial engineering. The motto again this time is: „You want to cope with difficulties and do the best? Sharpen your tools first!”
