MEMBERS BENEFIT IN MANY WAYS:

- As a regular or supporting member, you have the opportunity to have your company's own instructors trained, so you save time and money.
- By building up your own MTM competence within the company or organization, you are independent and flexible in your decisions, even for new projects.
- With direct access to the One-MTM partner network, you have the best practice solutions for productivity development quickly and comprehensively available - making your daily work easier.
- Employees of full or supporting members can access our IRAS database via a personal login. There, information on holistic work system design, best practice examples, scientific articles as well as current research results are clearly stored.

Become a member of this powerful community!

MTM ASSOCIATION e. V.

The MTM ASSOCIATION e. V., founded in 1962 as the Deutsche MTM-Vereinigung e. V., is one of the leading industrial engineering associations with more than 240 member companies. With the consulting services and software solutions of the Deutsche MTM-Gesellschaft mbH, the certified training courses of the MTM Academy and the research and development work at the MTM Institute, the MTM ASSOCIATION e. V. has a unique position in the market. The statutory mission of the non-profit association is to disseminate the process language MTM (Methods-Time Measurement), the internationally recognized method standard for describing, evaluating and designing human work. The general meeting determines the statutes and thus the development of the association.

Ordinary general meetings are held regularly once a year. They are convened by the Board of Directors or, on its behalf, by the management.

Tasks according to the by-laws are among others

- the worldwide dissemination of the globally standardized process language MTM
- the uniform and appropriate qualification and
- the exchange of experience in the field of research, development and application of MTM for example, within the framework of the MTM SUMMIT

The privacy policy of the MTM ASSOCIATION e. V. www.mtm.org/datenschutz applies.
