

The background of the slide is a blue-tinted photograph of an industrial setting. On the left, a robotic arm is visible, holding a mechanical component. On the right, a person's hands are shown holding a tablet computer, with one hand pointing at the screen using a stylus. The overall scene suggests a focus on industrial automation and digital technology.

Become an MTM-Practitioner and an MTM-Instructor

Webinars start 8 o`clock Indien Standard Time!

- **MTM-1 Base** **24/7 available as E-Learning**
- **MTM-UAS** **August 09–13, 2021**
- **MTM-Practitioner** **August 16–20, 2021**
- **MTM-Instructor** **August 23–27, 2021**

1. Level of training to become MTM-Practitioner

MTM-1 Base (English) E-Learning

24/7 available!

Historical development of MTM

The importance of the framework of MTM process building block systems.

MTM Basic Motions (content and influencing factors), their practical application, and their importance for higher aggregated MTM process building block systems.

Rules for the consistent and correct use of MTM-1.

Initial practical exercises to reduce the number of application errors or to consolidate the correct application of MTM-1.

365 days

always available

English

training.mtm.org

2. Level of training to become MTM-Practitioner

MTM-UAS (English) Webinar

We start at local
Indian Standard Time!

The process building block system MTM-UAS and its development

Principles of the development, as well as, knowledge of the structure and content of the MTM-UAS basic operations and the MTM-UAS standard operations

The rules for the consistent and correct use of the process building block system MTM-UAS

Practical exercises to consolidate the gained knowledge

August 09–13, 2021

Indian Standard Time

08:00 – 16:30 o`clock
Friday till 14:00 o`clock

English

A large silhouette of a group of graduates on a hill, with many of them throwing their caps into the air. The scene is set against a bright, hazy sky with a sun or moon low on the horizon.
