YOUR WAY TO THE “BLUE CARD”

Admission requirement for every MTM training is MTM-1 Base. Based on this, the next step is a MTM process building block system of your choice. For an EAWS-Practitioner you can start directly with the EAWS training.

After practical application in the company you will complete the MTM- or EAWS-Practitioner training. Upon successful completion you receive the “Blue Card”. It is valid for 3 years.

Example 1: MTM-1 Base as E-Learning + MTM-UAS + MTM-Practitioner = **MTM-Practitioner UAS incl. “Blue Card” (MTM)**

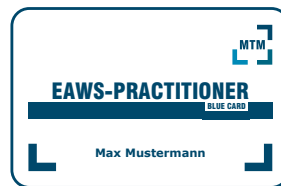

Example 2: EAWS + EAWS-Practitioner = **EAWS-Practitioner including “Blue Card” (EAWS)**

NEW: **Example 3:** MTM-1 Base + MTM-Logistics + MTM-Practitioner = **MTM-Practitioner Logistics incl. “Blue Card” (MTM)**

Our experts can help you to address internal issues and develop solutions to various topics. The training courses are tailored to your needs. Please contact us, we are happy to deliver an offer.

Coaching for the first operational application

Following the training in the MTM process building block systems (MTM-1, MTM-2, MTM-SD, MTM-HWD, MTM-UAS, MTM-Logistics, MTM-MEK) or the MTM-Practitioner training, we recommend to accompany the first operational application steps. Frequently questions arise during the first application in the enterprise for the analysis production, data use, potential identification up to the conversion of determined potentials. Our instructors serve as coaches for this period and afterwards.

Service:

- Support in the preparation of initial execution and planning analyses
- Identification of design potentials
- Suggestions for a possible data structure
- Impulses for further use of the analysis results for clocking, ergonomics, ...

With the coaching, we want your company to profit as quickly as possible to anchor the MTM application securely and sustainably in your company.
